YEAR-BOOK

OF

GRANT MEMORIAL

UNIVERSITY,

ATHENS, TENN.

FOR THE YEAR 1885-'86.

CHARTERED 1867.

KNOXVILLE, TENN:
OGDEN BROS. & Co., BOOKSELLERS, STATIONERS, PRINTERS AND BINDERS.
1886.

CORPORATION.

OFFICERS.

PRESIDENT.

BISHOP J. M. WALDEN, D. D., Chattanooga.

SECRETARY.

PROF. DAVID A. BOLTON, A. M., Athens.

TREASURER.

FIRST NATIONAL BANK, Athens, Tenn.

TRUSTEES.

Term Expires 1887.

REV. JOHN F. SPENCE, S. T. D.

MAJ. J. H. HORNSBY.

REV. J. A. RUBLE.

PROF. D. A. BOLTON.

REV. R. J. COOKE, D. D.

REV. J. K. P. MARSHALL.

Term Expires 1888.

BISHOP J. M. WALDEN, D. D.

REV. T. R. WEST.

COL. J. E. BRYANT.

REV. T. C. CARTER, D. D.

✓ REV. J. W. MANN, D. D.

REV. J. J. MANKER, D. D.

MITCHELL GASTON, Esq.

Term Expires 1889.

✓ BISHOP W. F. MALLALIEU, D. D.

JAMES R. GETTYS, Esq.

✓ REV. R. S. RUST, D. D.

HON. J. W. RAMSEY.

E. H. MATTHEWS, Esq.

REV. J. S. PETTY.

EXECUTIVE COMMITTEE.

J. F. SPENCE, Chairman.

D. A. BOLTON, Secretary.

J. R. GETTYS.

J. H. HORNSBY.

E. H. MATTHEWS.

THE FACULTY.

JOHN F. SPENCE, S. T. D., PRESIDENT.
Professor of Mental and Moral Science.

DAVID A. BOLTON, A. M., VICE PRESIDENT. ✓
Professor of Pure and Applied Mathematics.

J. CLARK HAGEY, D. D.,
Professor of Theology and Biblical Literature.

WILFORD CAULKINS, A. M.,*
Professor of Ancient Languages.

WM. A. WRIGHT, A. M.
Professor of Ancient Languages and Literature.

BYRON W. McLAIN, A. M., PH. D.
Professor of Natural Science.

L. B. CALDWELL, PH. D.,
Professor of Agriculture and Applied Chemistry.

Mrs. A. C. KNIGHT, A. M.,
Professor of English Literature, French and German.

Mrs. CORA B. GRAY, PH. B.,
Instructor in Instrumental Music.

MRS. R. E. HAGEY,
Teacher in Vocal Music.

ELLSWORTH BETHEL,
Teacher of Bookkeeping and Penmanship.

J. PRYOR LOONEY,
Tutor.

*Resigned, May 1886.

 2. Meteorology and Minerology.
Zoology, Comparative Anatomy and
Physiology.
-

SENIOR.

1. Geology.
2. Astronomy.
3. Science and Religion.

1. Geology, Entomology & Ornithology
 2. Astronomy.
 3. Science and Religion. (Use of the
Microscope.)
-

Prof. Byron W. McLain, a specialist in the field of Natural Science, has suggested the above arrangement to enable the student to utilize the fall and spring for out-door work, and be in accord with the great and harmonious scheme of Nature-study; progressing step by step into the more complete and abstruse.

Prof. McLain comes into the Chair of Natural Science with an experience of twenty years in his favorite field of work. He studied Chemistry under BARON LEIBIG, Anatomy under DR. BISCOFF, and Surgery under Surgeon-Gen NUSBAUM, at Munich, Bavaria, and Drawing and Painting in the Royal Academy in the same place. He has written numerous descriptive works, and has illustrated them with nearly every style of engraving in modern use.

This department, under the master hand of Prof. McLain, taught with apparatus and by lectures, and in the Laboratory, will form one of the chief attractions in the University.

COURSE IN AGRICULTURE.

SOPHOMORE YEAR.

First Term.—Composition and Physiology of Plants,—“how crops grow;” Horticulture; History of Agriculture; Applied Mechanics.

Second Term.—Inorganic Chemistry; Physics; Zoology and Entomology; Freehand Drawing.

Third Term.—History of Domestic Animals; Modern History; Atmosphere and soils,—“how crops feed.”

JUNIOR YEAR.

First Term.—Practical Agriculture,—“soils and fertilizers;” Anatomy and Physiology; Geology.

Second Term.—Practical Agrical,—“farm crops;” Economics,—“accounts, markets;” Civil Government; Algebra; Freehand Drawing.

Third Term.—Practical Agriculture,—“farm animals;” Veterinary Science; Botany and Floriculture; Algebra.

SENIOR YEAR.

First Term.—Agricultural Chemistry; Meteorology; Constitution of the United States; Geometry.

Second Term.—Organic Chemistry; Principles of Law; English Literature; Plane Trigonometry; Drawing.

Third Term.—Applied Chemistry; Mineralogy; Surveying and Mensuration; Political Economy.

In harmony with the purpose of its founders, the Course of Agriculture is not only intended to give a knowledge of the Natural Sciences and their application to the arts of life, but to aid in lessening the expenses of the student. Most of the labor will be paid for, and thus the student will not only find healthful exercise, but useful, paying employment. During the coming year the Board of Regents simply aim to lay the foundations of this department.

SCHOOL OF LAW.

FACULTY.

J. F. SPENCE, D.D., President.
HON. HALBERT B. CASE, A.M.
PROF. BYRON W. McLAIN, A.M.PH. D.
PROF. J. C. HAGEY, A.M.

LECTURE COURSE.

Hon. Halbert B. Case. Hon. T. M. Burkett.
Hon. J. W. Ramsey. Hon. P. B. Mayfield.
 Hon. W. P. Washburn.

ANNOUNCEMENT.

The course of study in this Department occupies two years. There is one session each year, commencing first Wednesday in Nov. and ending first Wednesday in April. Students are divided in two classes, Junior and Senior.

TEXT BOOKS.

Students in the Junior Class will need the following text-books: Blackstone's Commentaries, Kent's Commentaries, Parsons on Contracts, Cooly or Tort's Bouvier's Law Dictionary, and a copy of the last revised statutes of the State.

Students of the Senior Class will need the following books: Cooly on Constitutional Limitations, Stephens on Pleading, Bliss on Pleading under the Code, Greenleaf on Evidence, Burrill on Circumstantial Evidence, Bespham Principals of Equity, and Woolsey's International Law.

Students unable to purchase books will have access to Col. Burkett's Library for a small consideration.

DEGREES.

The degree of Bachelor of Laws will be conferred on such students as shall pursue the full course for two years, and on such as shall, on account of previous study have been admitted to the Senior Class, and shall have completed the studies prescribed for that class. Strict examinations shall be had on the whole course, before any applicant shall be entitled to the degree.

FEEES AND EXPENSE.

Matriculation fee for term, - - - - -	\$10 00
Tuition per term, - - - - -	30 00

These fees are payable before entering
The usual fees for Diplomas.

CONSERVATORY OF MUSIC.

In founding this Conservatory our design is to furnish the ough instruction in Music. Special attention will be given to those desiring to prepare for teaching. Recitals and concerts will be given by members of the Conservatory to which all pupils will be admitted free of charge.

Careful study will be given to the principles of music; to the different forms and schools, and to the lives and works of the masters. Pupils cannot pass from one grade to another unless satisfactory progress has been made. Diplomas will be granted to those completing the course in a satisfactory manner. Pupils will be received at any time, and on examination be credited with the progress already made. No diploma will be given unless the student has been a member of the Conservatory for at least one year.

COURSE IN MUSIC.

INSTRUMENTAL DEPARTMENT—PREPARATORY.

Principles of position, including formation of Hand and Fingers, Properties of Touch, Notation, Rythm, etc., together with selections from the following works: Lebert & Stark's Method, Loeschorn Opus 65 King, Kullak, Clementi, etc.

First Year.—Continuation of Formation, Position, and Notation, together with Expression, Selections from Duvernoy's Opus 120; Kohler Opus 50; Heller Opus 47; Sonatinas and pieces from Reinecke, Kanlaw, Schuman, Dussex and best modern authors.

Second Year.—Technique continued. Loeschorn Opus 66; Czerny Opus 299; Keller Opus 45, Sonatinas and compositions by Dussex, Grieg, Mendelssohn, Hayden, Mozart, Field, Beethoven and Chapin.

Third Year.—Technique continued, Distinctions between different kinds of touch, Loeschorn Opus 66; Czerny Opus 740; Kullak's Octave Studies, Compositions of Hayden, Schubert, Mendelssohn, Weber, Raff, Rubenstein, Bark, Schuman, Beethoven, Chopin, Mills, Sherwood.

In connection with the above regular studies in the Grammar of Music, Musical Biographies and Musical Forms will be required of all advanced pupils.

VOCAL TRAINING DEPARTMENT.

First Year.—Study of the Registers, the Major Scale, Solfeggi (Bassini, Lablanche, Concone or equivalent); some songs. Sight reading. First music reader. (Mason's.)

Second Year.—Chromatic Scale, Minor Scale, Swelled Notes, Ornaments (Bassini, Concone or equiv.), some songs, Abt. Kiecken, Gumbert, Prock, Millard, etc. Sight reading continued. Second and Third Music Reader. (Mason's.)

Third Year.—Solfeggi (Bordogni, Concone, etc.) Recitation, Oratorio and Operatic Music. Sight Reading continued. Revised Fourth Music Reader, (Mason's.) Part songs, chorals, glees.

THEORY OF MUSIC.

First Year.—Rudiments of Thorough Bass.

Second Year.—A. N. Johnson's Harmony.

Third Year.—A. N. Johnson's Harmony and History of Music.

The Conservatory will be under the skillful management of Mrs. Cora B. Gray, of Cornell University, and Mrs. R. E. Hagey, of Washington, D. C.

THEOLOGICAL COURSE.

FIRST YEAR.

 Uberweg—History of Philosophy. Sec. 52-61.
 Madvig's Latin Grammar and Arnold's Latin Composition through the first three units of the course.
 Sight translations from Latin into English and from English into Latin are required.
 Graduation Thesis upon a subject to be assigned.

A course in Greek Language and Literature has been prepared, which will be furnished on application.

COURSE IN MATHEMATICS.

I.

- Olney—Science of Arithmetic.
 Brooks—Philosophy of Arithmetic.
 Wentworth—Series, Choice, Chance, and Theory of Limits.
 Olney—University Algebra, Part III.

II.

- Olney—Advanced Course in Geometry.
 Chauvenet—Trigonometry, Plane and Spherical.
 Halsted—Mensuration.
 Olmsted—College Philosophy with Problems. (Kimball's).

III.

- Ray—Surveying and Navigation (Schuyler's).
 Salmon—Analytic Geometry.
 Byerly—Differential Calculus.

IV.

Byerly—Integral Calculus.
Wood—Analytic Mechanics.
Atkins—Pure Mathematics.

V.

Newcomb—Descriptive Astronomy.
Chauvenet—Mathematical Astronomy.
Proctor—Other Worlds than Ours.
Kurtz—The Bible and Astronomy.

VI.

Bledsoe—Philosophy of Mathematics.
Hill—Geometry and Faith.
Boole—Laws of Thought.
Hardy—Elements of Quaternions.

With the above Course three Theses will be required upon subjects to be assigned.

GENERAL INFORMATION.

This Institution was incorporated by a special Act of the General Assembly of the State of Tennessee, under the name of the EAST TENNESSEE WESLEYAN UNIVERSITY, in 1867. On the 3d of February 1886, by an act of Incorporation the charter was amended and the name changed to that of GRANT MEMORIAL UNIVERSITY.

LOCATION.

The University is easy of access, being located at Athens, the county seat of McMinn county, on the East Tennessee, Virginia and Georgia Railroad, half way between Knoxville and Chattanooga.

Athens, surrounded by beautiful and attractive mountain scenery, and unsurpassed for pure air, pure water and good health, has advantages almost unequaled as a site for an institution of learning. Its citizens are justly celebrated for their intelligence, culture and morals, and being a small town it presents few facilities for spending money foolishly, and is free from those allurements to vice and unworthy attractions which are found in larger cities.

CO-EDUCATION OF THE SEXES.

We believe in God's plan in the creation, in the family, in the school. Ladies are admitted on the same terms as gentlemen to all Departments of the University, to all honors and privileges, and are eligible to the position of Trustee or Professor.

LIBRARY AND READING ROOM.

A Library has been collected and placed in good order in a suitable room. There is connected with the Library a Reading Room containing many of the best newspapers and periodicals. Students have regular access to the Library and Reading Room, and are permitted to draw books.

The Librarian is a member of the Faculty. It is the purpose of the Faculty and the friends of the College to add to the collection of books constantly, and to give to the use of the Library the prominence and the connection with the course of study which are essential to the student's highest success.

CANDIDATES FOR THE MINISTRY.

Those contemplating entering the Christian ministry will here find arrangements made expressly to meet their wants. For the Greek or Latin of the Junior Year the student may substitute the Hebrew and Exegesis, and other substitutions will be allowed as far as they shall leave inviolate the collegiate course in its original purpose and plan, as a general course of culture.

With this view the Translation and Interpretation of the Greek Testament will, to some extent, be substituted for the Classic Greek in the latter years of the College course.

These arrangements have been made in view of the large and increasing number of candidates for the ministry in constant attendance at the University.

MORAL AND RELIGIOUS CULTURE.

The University is under the auspices of the Methodist Episcopal Church. Though a denominational, it is in no sense a sectarian school. It was the plan of its founders, and is the continued purpose of its Trustees and Faculty, to make it pre-eminently a Christian School. A Young Men's Christian Association has been formed by the students, which holds regular religious meetings. A weekly prayer meeting has also been organized among the young ladies of the Institution. Other religious services are held weekly, to which all the students are invited.

All students are required to attend worship in the University Chapel on each school day, and public worship in some Church on every Sabbath morning.

LECTURES.

The University Lecture Course has become a feature of great interest. During the winter months eminent lecturers from abroad are engaged.

RECITATIONS AND EXAMINATIONS.

Each student is expected to have not less than three, nor more than four studies at one time. Students are not allowed to receive instruction from any one outside the Faculty either in music or solid branches, without special permission.

There will be a Public Examination of all the classes at the close of each term—written or oral.

Students not present at the end of a term will be examined on their return for class standing. All new students will be examined in each department for class standing. In order to pass in any study a student's grade must be at least 60 in a scale of 100.

ATTENDANCE.

It is very desirable that students should be present at the opening of each term.

It is vital to the interests of the student and Institution that all should be scrupulously punctual at recitation and all other college duties. Whenever a student enters the Institution he is regarded as subject to its laws until his connection therewith is closed by graduation or otherwise.

LITERARY SOCIETIES.

There are three societies for the males, the Athenian, the Philomathean and the Simpsonian. (Theological Society), and one for the females—the Sapphonian. Each is already furnished with a small but choice library. The societies are highly prized by the Faculty

as well as by the students, and form an important part of the advantages of the University. Each society is entitled to one public entertainment during each term.

RHETORICAL EXERCISES.

Exercises in Composition and Declamation are required regularly of all the students. The Freshmen and Sophomores will write three essays, each term, of not less than seven hundred words each. All subjects for the above mentioned essays will be assigned by the Faculty.

Each Junior will deliver one original address, each term, in the Chapel, of not less than seven hundred words. The Seniors will deliver each one original address, each term, of one thousand words.

MERIT AND DEMERIT.

Punctual attendance upon all duties is insisted upon as one of the first conditions of progress or of good discipline. Unexcused absences are counted as serious delinquencies. These and other offences are marked according to a fixed scale. When these demerit marks have reached a certain point the student receives a warning, of which his parent or guardian is notified. If necessary, this warning is repeated. Then, if a further fixed point is reached, the student may be suspended or dismissed. At any time, however, the Faculty may ask the withdrawal of a student from the University, if satisfied that his continuance in it would be injurious.

INSTRUCTION.

With respect to methods of instruction, it is the aim of the Faculty to secure the greatest possible freshness and variety consistent with scientific system and thoroughness. We aim to select and use the best text and reference books in every department. It is intended, however, that the student shall do something more than merely memorize text-books.

Whenever a branch or science of any study can be best taught by a fresh, original handling in the way of lecture or black-board exercises, or by a Socratic method, or by a combination of any and all of these, the Professor will not shrink from additional labor. Everything possible shall be done to stimulate the student, and supplement the work of the class-room throughout the entire University curriculum.

All the text books and books of reference used in the University can be obtained at reasonable rates direct from the Faculty or from the University Book Store.

DEGREES AND HONORS.

The degrees of the University are Collegiate, Post-Graduate and Honoray—for all of which appropriate diplomas are conferred.

Upon those who complete the classical course, "Artium Baccalaureus" (A. B.); upon those completing the Latin Scientific Course, the Degree of "Philosophiæ Baccalaureus" (B. Ph.); and upon those completing the Scientific Course the Degree of Bachelor of Science (B. S.); and those completing the Theological Course the Degree of Bachelor of Sacred Theology (S. T. B.)

All students completing the Academic Course will be granted a suitable certificate.

No student will be given a diploma or certificate until all dues to the University have been settled.

POST-GRADUATES.

Master of Arts, (M. A.) requires one year of resident post-graduate study, under the direction of the Faculty.

Doctor of Philosophy, (Ph. D.) requires two years of study under the direction of the Faculty.

Parties desiring to pursue a Post-Graduate Course are invited to correspond with the Faculty for terms and full particulars.

All examinations of papers and applicants shall be under the direction of the Professor of the department wherein the degree is sought.

EXPENSES AND PAYMENTS.

The Board of Trustees at their annual meeting abolished all tuition in Preparatory and Regular Courses and ordered an incidental fee of six dollars for each term, to be paid invariably in advance. No one is exempted from this fee.

Students studying Chemistry will be charged a fee of \$1.00 per term for chemicals used in Laboratory.

Instruction in Music per term,	\$10 00
Use of Piano per month, - - - - -	1 50
French, German and Drawing per term, - - - - -	3 00

Boarding in private families at \$8.00 to \$10.00 per month.

Hatfield Boarding Hall, rooms for the accomodation of forty students, furnished with bedsteads, stoves, chairs, tables, etc. Rent per term in advance, \$1.50; if paid at the end of the term, \$2.00; board in Hall, \$1.50 per week.

Dormitory rooms, for those desiring to board themselves, at 50 cents per month, furnished with heavy furniture. Students can board themselves at a cost of from 60 cents to \$1 per week.

The Trustees propose to aid students in every possible way to lighten the expense of the school term, and constantly surround the pupil with a homelike influence.

We desire to exercise the most rigid economy in every department.

No extra uniforms, required; a simple, plain and inexpensive wardrobe is all that is desired. We propose to make the cost at the University as low or lower than any in the land.

Students who desire great economy are recommended to bring bedding from their homes.

The provisions of the Institution are simple, and appeal to the student's self-respect, sense of right, personal responsibility, and capabilities of usefulness and happiness.

BY-LAWS.

1. Recitations, prayers in the morning and other regular exercises, shall be punctually attended by each student,

2. During study hours, students are not allowed to visit each other's rooms, nor to visit about the village.

3. Students will obtain permission of one of the teachers before leaving town.

4. Students are required to be orderly and quiet in and about the buildings.

5. Profane or obscene language will not be tolerated under any circumstances.

6. The use of intoxicating beverage and the playing of cards are absolutely forbidden.

7. No student will be permitted to attend balls, dancing parties, circuses, operatic or minstrel shows.

8. A strict observance of the Sabbath, and attendance upon public worship will be required.

9. Young ladies may not receive calls from gentlemen, except of friends from a distance.

10. Young gentlemen are not permitted to visit young ladies at their own rooms.

11. The escorting of young ladies by young gentlemen is not allowed without special permission from the Faculty.

12. Students will be held responsible for any injuries done to their rooms or other parts of the building.

13. Students will not be allowed to use tobacco within the buildings.

14. Absence from recitation without satisfactory excuse, as well as insubordination in the class-room, shall be reckoned and bear upon the student's grade.

15. Any student desiring to sever his connection with the University before the close of the term must inform the Faculty in writing of his intention, and obtain their consent.

Any student habitually violating the above rules will not be allowed to remain in the University.

CALENDAR.

DR. C. C. ROC'S
Liver, Rheumatic AND Neuralgia Cure,

THE GREATEST

**BLOOD PURIFIER AND
LIVER MEDICINE
ON RECORD.**

As thousands who have been Cured will testify.

A sure cure for Torpid Liver, Neuralgia, Constipation, Billiousness, Rheumatism, Dyspepsia, Impure Blood, Sleeplessness, and all complaints arising from a Bilious System. Ask your merchant for it, and if he has not it in stock, he will get it for you.

*CULLEN & NEWMAN, Sole Proprietors,
Knoxville, Tenn.*

I am pleased to state that Dr. Roc's Liver, Rheumatic and Neuralgia Cure does all, if not more, than you claim for it. My wife had Rheumatism and Neuralgia for 18 years, and was troubled with Indigestion and Constipation. I tried the best physicians in the country, have had one of them at my house every week for two months, and none did any good. She has been in bed for months, and her disease continued to get worse. After using three \$1 bottles of Dr. Roc's Liver, Rheumatic and Neuralgia Cure, she began to improve, and at the end of the sixth bottle she was entirely well. Her joints, hands and limbs were enlarged, and now there is not a sign of it. I would have given \$1,000 to accomplish what the six bottles have done.

Respectfully,

J. W. TRENT,
Manufacturer of Tobacco, Strawberry Plains, Tenn.

THE INTERNATIONAL CYCLOPEDIA

supplies a want, long felt, but not met by either of the other Cyclopedias, viz: A comprehensive work of reference, at a moderate price. It is a work of such superior merit that an impartial examination will satisfy any one that we are justified in our claim that it

IS THE BEST

Cyclopedia, in many respects, yet published. It comprises the entire material of Chambers' Encyclopedia revised and brought down to September, 1885, together with 20,290 additional articles by American editors, making in all 49,646 distinct titles. These are all arranged under one alphabet, all there is upon any one subject being found in *one volume*. It is thus made the most convenient work

FOR READY REFERENCE.

It presents a full and comprehensive, yet concise treatment of subjects, in clear and perspicuous language, which is easily understood, and in

THE BEST

literary style, unequalled by any similar work. It is unsurpassed in scientific accuracy, yet not technical in its treatment of subjects. These characteristic features make it, in the highest degree, a work

FOR POPULAR USE.

It is published in 15 Royal octavo volumes, comprising 13,296 pages, copiously illustrated with Maps and Engravings. It is sold, exclusively by subscription, at \$3.00 per volume, in cloth; \$4.00 in library sheep, and \$5.00 in half Turkey morocco. The entire set will be delivered complete, and payments accepted on monthly installments. These terms, at the low price at which it is offered, will enable any one, with but little effort to own a good Cyclopedia.

THE BUTLER'S SERIES OF READERS

Awaken the interest of both teacher and pupil, and make the reading hour the most pleasant one of the school-day.

From innumerable recommendations of THE READERS we select the one most valuable and oftenest repeated:

"They Wear Better Than Any Others."

Sample Sets will be sent by mail, for examination, on the receipt of \$1.50. This amount will be refunded if the books are adopted.

IN ENTIRE ACCORD WITH THE NEW READERS,

The New American Spellers.

This well-known series of Spellers is arranged in accordance with a plan which has been adopted, wholly or in part, by most of the recent spelling-books. This series include

The New American Primary Speller.
The New American Pronouncing Speller.
The New American Advanced Speller.

A leading feature of the books is, that words having a relation to one another of association, position, class, or particular subject, are grouped in the same lesson. In addition, the pronunciation of every word is clearly indicated, and the merits of the Spellers are emphatically endorsed by the sale of more than **TWO MILLION COPIES**.

SOUTHWICK'S SHORT STUDIES IN LITERATURE.

A Manual of Literary Culture, Poetical Gems, and Familiar Quotations. Its limited compass enables the pupil to gain in a short time a considerable amount of information on the subject of English and American Literature.

WESTLAKE'S 3000 Practice Words.

The best test speller yet issued. Its very appearance makes it a favorite. Handsomely bound in flexible cloth, crimson edges.

HART'S Composition & Rhetoric.

More generally in use than any other work on the subject. Its very general use is the best testimony of its merit.

A HAND-BOOK OF MYTHOLOGY.

By Miss S. A. Edwards.

Prepared expressly for use in Schools. Convenient in size, the arrangement of topics is all that can be desired, and it is finely illustrated.

Prof. Houston's Works on Natural Philosophy

IN THREE BOOKS.

Easy Lessons.
Intermediate Lessons.
Elements of Nat'l Philosophy.

Thousands of teachers and scores of thousands of pupils who are using "Houston's Physical Geography" with the most gratifying results, will learn with pleasure of the publication of these books.

PROFESSIONAL BOOKS — FOR — TEACHERS.

Cultivation of the Senses.
Cultivation of the Memory.
The Use of Words.
On Discipline.
On Class Teaching.
In the School-Room.

GROESBECK'S Practical Book-Keeping

Plain, practical, and well arranged for use in Schools. Teaches both Single and Double Entry, and can be taught by any teacher with but little study, even if he has not mastered the science of Book-Keeping.

WILSON'S ELEMENTARY ALGEBRA.

Without question, the most popular elementary work on Algebra that has ever been published.

MILLS' FIRST LESSONS IN Physiology and Hygiene.

With special reference to the effects of Alcohol, Tobacco, etc. The *National Educator* says: "It is the best and most practical book on the subject that has ever left the press."

CHASE & STUART'S FIRST LATIN BOOK.

Complete in itself, and can be used by classes preparatory to using any of the standard Latin Grammars. Has been introduced into thousands of schools, and has been pronounced "The most satisfactory First Book in Latin yet published."

CHASE & STUART'S LATIN GRAMMAR

BY THOMAS CHASE, LL.D.,
President of Haverford College, Pa.

We believe that this book will become the favorite Latin Grammar in our Schools and Colleges. It is winning golden opinions everywhere.

From the Indiana School Journal.
After a careful examination, we do not hesitate to recommend it as equal, and in many respects superior, to the best now in use.

Prof. Trimble's Works on LITERATURE.

A Hand-Book of Literature.
A Short Course in Literature.

The most available and satisfactory books for school use that have yet been issued, and more fully than any others meet the wants of teachers of this delightful and charming study.

Prof. Houston's Works on CHEMISTRY

IN TWO BOOKS.
A Short Course in Chemistry.
The Elements of Chemistry.

The Short Course is intended for Grammar and High Schools, The Elements, for Academies, Normal Schools, etc. They are up to the times in every respect.
